Growing up in a small town, the community feeling is still fresh in my mind - even after many years - I believe I would be able to help Deltona work towards the sense of community I feel is still lacking.

Explain why you want to serve on this Board/Committee, and include any potential contribution you selection would bring.

I have lived in Deltona for approximately 20 years. Common sense is an important skill in any position, I feel that the pride many citizens in Deltona hope for is slowly being realized, but there is more work needed. Being on the board would help me give back to the community and make it an even better city to live in.

Have you ever served on a committee or advisory board? If so, give the details, including any positions held.

Yes. I served on the Orange County, Florida Community Action Board as a designated alternate for an Orange County Commissioner. The Community Action Board is responsible for development, review, supervision, evaluation, and recommendations for final approval of fiscal and program policies, plans, proposals, budgets, and activities to be conducted by Orange County Community Action. The Board deliberates and submits written recommendations to officials on all matters concerning the Community Action Program.

Reasons For Serving

Describe any additional knowledge, skill, education, or experience you have, which would assist you in the duties of this Board/Committee.

In 2007, I provided research and data about nationally recognized homeless commissions and programs for the Central Florida Regional Commission on Homelessness (CFRCH). I also attended, participated in and provided

administrative support during Project Homeless Connect meetings. While attending Florida State University for my Bachelors, I studied urban and regional planning which focused on planning concepts, the role of planning in formulating policy, meeting critical problems and shaping the future urban environment. This understanding of city development and what a "sense of place" means to a community will assist me in contributing to and providing a proactive approach to the beautification of our City.

Explain why you want to serve on this Board/Committee, and include any potential contribution you selection would bring.

I have been a resident of Deltona for twenty-two years. As a resident, I desire to give back to the community that has given me so much. Deltona has grown dramatically this decade due to a strong focus in housing and business development. Our next step, as a community, is to develop residential and commercial partnerships that promote clean streets, green parks and inviting landscapes. I can contribute to this Board through my working knowledge of government agencies and my experience being a liaison between residents and their local services.
